NEVADA CITY WINS BY 6-0 SCORE

Veterans Foreign Wars Entertain Commander

The Banner Mountain post No. 2655, Veterans of Foreign Wars, put on an inauguration, entertainment and dance last Saturday night that opened the eyes of both local residents and visitors alike. The eminent leader and past National Commander of the Veterans of Foreign Wars, Darold D. DeCoe, was the guest of honor for the evening. He was escorted from Sacramento to Grass Valley by a representative committee from Sacramento and Roseville. His party was met at the Memorial Hall in Grass Valley by members of the local Banner Mountain post and escorted into this city by them.

Other leaders from outside posts, entertained were Captain Frank Williams and Commander Theodore Helmers of Roseville post No. 1661, the Commander Niel McCarty, Comrade Mitchel, and Charles Borba, council of administration member, all of Lt. Landsdale post No. 67, Sacramento. Later in the evening Commander Oliver Hall, departmental chief of California and Nevada, joined the party. Mrs. Theodore Helmers and President Nellie Parrot of Roseville post were among prominent members of the visiting auxiliaries.

Sixty people sat down to a well appointed dinner at 6:43 in the Odd Fellows Hall. Veterans, members of the Auxiliary and guests attended. At eight o'clock all hands repaired to the lodge room and the joint open installation of officers proceeded.

President Nellie Parrot of the Roseville post was the installing officer for the Auxiliary. She installed officers for the Banner Mountain post auxiliary, including and as follows:

President, Mary Tonelia; Senior Vice President, Etta Howard; Junior Vice President, Hazel Figurski; Chaplain, Gertrude Chatfield; Treasurer, Dorothy Lewis; Secretary, Dixie Rose; Conductress, Blanche Williams; Guard, Nancy Jones; Trustees, 18 month, Agnes Hoskins; 12 month, Margaret Tonnella; 6 month, Mary Tonella.

Past National Commander Darold D. DeCoe, installed the oficers of Banner Mountain post Veterans. William Gracey was made Commander, Norman Kistle, Senior Vice Commander; Joseph Meeks, Junior Vice Commander; Solan Chatield, Chaplain; John Marks, Officer of the Day; Max Weiss, Treasurer; O. F. Tonella, Adjutant.

Speeches were given by several of the leading Veterans and members of the Auxiliary after the installations.

Other visitors joined the assembly and all hands repaired to the dance floor where the remainder of the evening was spent in tripping the light fantastic.

The installation was a huge success from a Veterans' standpoint and the visiting officers and comrades were highly pleased with their reception. Much is expected of Banner Mountain post No. 1655. Although they are but two months old, their start has been auspicious and they have established themelves as one of the outstanding organizations of the county.

MORE ACTIVITIES START IN THIS MINING DISTRICT

With a crew of six or eight men, Bert Murphy started to work Friday on the gravel mines Oakvale, Remington Hill and Skane. These mines are in the vicinity of Remington Hill, about eight miles east of Nevada City. The men went out there Thanksgiving evening. Murphy is the engineer in charge of operations.

It is understood that the men have started to dismantle the Oakvale mine and will move the equipment to the Remington Hill and Skane mines.

Suisun—New service station constructed by O. J. Lentz opposite County Hospital, opened.

BUNKER HILL MINE GOLD TO N. Y. PEOPLE

The Bunker Hill mine, a drift gravel property of several hundred acres, located in norther Sierra county, has been sold to a group of New York capitalists, who, it is said are making preparations to operate on a large scale.

The Bunker Hill is an old property that has produced much wealth in past years. It is located on an ancient channel that passes under Pilot Peak. The mine has not been operated for two years, and it has been known for some time that New York Capital was interested in the property, a deal recently being consumated.

The new company has also purchased additional adjoining ground to the extent of 109 acres or more, which will afford much virgin gravel for the new operatorh.

A crew of men has already been put to work, and will be added to as conditions warrant, it is said.

—Mountain Messenger

BOLTON VARIETY STORE HAS BEAUTIFUL DISPLAY

Bolton's Variety Store in Nevada City has just completed their display of holiday goods and the store is a beautiful sight. Paul Noble, of Sacramento, had charge of the work of displaying the Christmas goods and his work shows that he is an artist in his line.

The line of Chritmas goods on display in the Bolton store, include about everything in the line of novelties, stationery, books, toys and gifts of all kinds. The prices are reasonable and the Christmas shopper should not fail to call and inspect this beautiful and complete line of Christmas gift merchandise.

ROSEVILLE MAN VISITS NEVADA COUNTY SEAT

L. E. Dunlap, well known railroad man of Roseville, was a visitor in Nevada City today. Mr. Dunlap is associated with R. E. Nobel in mining property in this section.

Noble, one of the oldest engineers on the Sacramento division and better known as "Rube" is the engineer who pulled the advance train for President Hoover's special on the recent trip to California.

CARPINTERIA MINING MEN LOCATE HERE

After about a months inspection of gravel mining conditions in the Nevada City district, E. E. Caugh and R. G. Bassett of Cartpinteria, have recently leased from Mr. William Moulton a very good looking gravel property just outside of French Corral. Although there is but about six acres in the piece, it contains well over 150,000 cubic yards of workable gravel.

The property is bounded on the east by the old Harrison French Gravel Mine. To the west are some more of the Moulton holdings, work on which is now being done by Bill Baker, Sam Peckett and Charlie N. Missouri.

Cauch and Bassett are now moving necessary mining equiipmment into their newly leased property. They are very well pleased with the gravel that they have to work in. They have a sixty foot gravel bank that pays right up to the grass roots. The bed rock has not been cleaned and judging from the nuggets that have been taken from the French Corral diistrict in the past, the Carpintera men will have a lot of fun when they get down there.

William Moulton has been saving that piece of property for many years. He must be well satisfied with the working conditions that Cauch and Bassett are contemplating.

Englebright Explains Problems Confronting the Next Congress

Congressman Englebright leaves Wednesday or Thursday of this week for the arduous duties attending upon the second session of the 72 session of Congress. He goes back with added obligations upon him through the results of the last election. He will be first assistant to the Republican Whip of the House, Congressman Snell. In addition he will be spokesman for all the Western States in all matters pertaining to mining matters as he is now ranking Republican on the mines and mining committee and the same is true on matters concerning public lands. These are also a result of the recent eletcion which swept the Democrats into control. Englebright is 29th in rank among the Republicans now, and is one of the most powerful Republicans left in the House.

The first thing to confront Congress will be the passage of the measure providing for the manufacture and sale of 2.75 per cent beer under state control. Englebright believes that this will come before the House on the opening day and he predicts its passage by a large majority. An effort will be made by the California representatives to include in the bill an ammendment for the manufacture and sale of light wines to protect the states $350,000,000 grape industry which is the second largest agriculture industry in the state.

Due to the fact that the Federal Government as of July 1, 1933 will have a deficit of $2,000,000,000 the passage of the Beer Bill at this time is of great interest as it will provide for $500,000,000 in taxes and be a corresponding relief to the tax payer. If Congress should include the sale of light wines an additional $250,000,000 will be derived from the wine tax and further reduce the serious problem which confronts this Congress. No definite action will be taken on a tax bill until the matter of the modification of the Volstead Act is settled.

Congressman Englebright is one of the pioneers in the House in advocating legalizing the sale of light wines and beer. When he was first elected to Congress there were only 21 out of 435 members advocating such a measure. He was one of the very first to make a campaign issue of the question.

Another serious problem confronting Congress is the payment of the foreign war debt due on December 15 of this year. As has been his policy in the past Englebright is strongly opposed to postponement, reduction or cancellation of the amounts due in this payment to the United States.

He feels that if Europe would stop its present mad pace of spending money to build up its arments in preparation for future wars it would have plenty of money to meet its honest debts to the United States. The debts which the Lausaunce Conference reduced among the nations of Europe were largely political debts. The debts which the nations of Europe owe to the United States represents cold cash loaned to them by the people of this country. The American tax payer must not have any burden of these debts placed upon their shoulders. If this money is not paid by Europe the amount will have to be made up by the tax payers of this country. It is the opinion of Congressman Englebright that Congress will refuse to grant any extension of time or reduction of the amount due December 15th.

This promises to be a very busy session of Congress and at its conclusion of the fourth day of March the new administration will probably call a special session.

FAST WORK DONE ON FIRE HOUSE CONCRETE FLOOR

The new concrete incline floor for the fire house on upper Broad street is now completed and ready for use. The fire truck is being housed there now.

It may be of interest to know that within forty eight hours after work was begun on the floor, the truck was driven on the floor.

The work was done by the contracting firm of Kelliher and Figurski, Nevada City, under the direction of Herb Hallett, city employe. Two shifts were used to speed up the work, hence the jig time in laying the reinforced concrete floor.

A cement drive was also put in the back of the fire house.

NYE JOHNSON HAS BAD FALL FROM A LADDER

Nye Johnson is seen these days getting around in a somewhat crippled condition. While painting the roof of his house from a ladder, the local proprietor of the Bret Harte Guernsey Dairy lost his balance and fell quiite a diistance to the ground last Thursday. He was badly bruised and skinned up but was able to get around the next day.

Clyde Mugford, who owes Johnson a hat in payment of an election bet, thought for a time that he would be relieved of the obligation. But no such luck for Mugford, Johnson pulled through O. K. and one of these fine days will be seen wearing a new hat.

The two men are building a cabin on the property and will work right through the winter. Houses are at a premium in the French Corral country as there are many more people there now than there have been for many years.

Billy Davis was in town yesterday from his mine north of here.

Leo. J. Cooley visited in Nevada City Saturday.

WALTER EVANS OF FOREST DIES AT HOME YESTERDAY

Friends were grieved to learn the death yesterday of Walter Evans at Forest, Sierra county. The body will be interned at the Forest cemetery tomorrow under the direction of the Holmes Funeral Home of Nevada City. Reverend Buckner will officiate.

The deceased is survived by his widow, Phoebe. He was 40 years three months and 24 days old. He was employed as a hoist man at the Brush Ceek mine near Forest. Evans was born and lived all of his life at Forest and is known and grieved by many in that district.

BUNKER HILL PLACER MINE IS NOW WORKED

L. E. Dunlap of Roseville and F. A. Warren of Lincoln, have recently started mining preparation work on the Bunker Hill Placer mine adjacent to the Quaker Hill Placer mine and the Red Dog mine. The property is eight miles east of Nevada City.

The men are installing pumps and anxiously awaiting the rains that will insure a good water supply for the winter season.

ROLPH ISSUES CALL FOR COMP. INS. DISCUSSION

At Governor Rolph's visit to this section last month it was made clear to him the burden which Compensation Insurance in this state had placed upon the mining industry. He stated at that time that he had heard similar stories in other sections and that something must be done. Forthis end he has called a conference, inviting all people who are interested to attend. The meeting will be held in the Assembly Chambers at the state Capitol on December second.

Joe Meeks left today for a few days in Vallejo.

Local Lads Win Glory by Defeating Grass Valley in Post-Season Game

Outplaying the Grass Valley Contingent in Every Department Nevada City Closes Successful Season and Brings Joy to Supporters

Accepting a challenge from Grass Valley high school for a third game this year, the local high school smashed their way to a 6 to 0 victory to close the 1932 season. Contrary to pre-game reports, the valley team did not play their substitutes, they played the game with their full strength and were beaten by a better team.

Twice before this year, Nevada City has lost to Grass Valley. Once by 6 to 0 and then by 19 to 25. These games were won by the closest of margin, both of them in the last few seconds of play. In all, the teams may be said to be very evenly matched, with whatever advantage the local team has being offset by extra weight, experience and the reserve strength of Grass Valley.

This is the first year in seven that the local school has put a football team in the field. Coach Barron has done wonders with the few boys that he has had to work with. Winning four and losing four games, his boys have not been beaten by more than one touchdown.

The Game Play by Play

Grass Valley kicked off to Oates who fumbled, picked the ball up and was downed on his 24 yard line. Oates smashed off tackle for 4 yds. A double reverse, Chapman to Wasley was fumbled by the latter and recovered by Grass Valley on the 19 yard line.

Three line plays made but 4 yards and on the last down Grass Valley passed incomplete. Chapman punted to the Grass Valley 45 yard line.

On a series of passes and end runs, Grass Valley advanced the ball to the Nevada City 20 yard line. The local teams pass defence looked very weak at this stage of the game. Three short passes in succession put the ball on the 5 yard line with touchdown to go. Trying line plays to push the ball over at this point, Grass Valley could advance but 2 yards. Chapman then punted the ball to the nearest 45 yard line.

Grass Valley was penalized five yards for two incomplete passes. A left end run was good for no gain. The punt went to Chapman on his own 25 yard line. He returned the ball three yards. Oates busted off tackle for three yards. Pierce, on a fake reverse, went for six yards. Wasley made it first down on the 42 yard line.

An Oates to Chapman pass was incomplete. Oates again passed, this time Bob Tamblyn for a gain of 28 yards to the Grass Valley 30 yard line. Another pass was intercepted by Grass Valley. The red jerseyed boys promptly opened up with a pass and made it good to Nevada City's 45 yard line as the first quarter ended.

Oates stopped the passing threat by intercepting the next one. On a series of line bucks by Pierce and fake reverse by Wasley, the local boys took the ball down to the Grass Valley 25 yard line. There Grass Valley recovered a fumble by Oates.

Again using a series of long passes Grass Valley advanced to their opponents' 35 yard line. Hoffman was substituted for Chapman at quarterback and Sharp took Harry Brown's place at guard. Brown's game knee was giving him trouble. Both boys got a big hand upon coming out. Chapman was a little slow in covering his territory on pass defence.

Another pass made 30 yards and Grass Valley found themselves in possession of the ball first down and touchdown to go. Four line plays and end runs made but three yards for Grass Valley and Nevada City took the ball on their own two yard line. Oates punted out of danger to his own 41 yard line.

On an attempted pass, Grass Valley fumbled and the ball was recovered by Barry for the locals in the middle of the field.

Using end runs and line plays, Nevada City carried the ball to the Grass Valley 28 yard line before the half ended with neither team making a score.

Starting the second half, Grass Valley kicked off Wasley who returned the ball to his own 36 yard line. A pass, Oates to Wasley going over right end was good for 11 yards and a frist down to start the second half off right. Pierce made 6 yards over left tackle and Wasley added three more going over left end. Oates completed the first down with a 3 yard gain over left end.

Oates dropped back and shot a beautiful pass to Wasley for a gain of 13 yards. A double pass, Oates to Wasley forward and then to Chapman laterally was fumbled by the latter and lost 7 yards when he recovered. Harry Brown went in again at guard, taking Sharp's place. Oates dropped back again to pass. He shot an arched pass straight down the field to left end, Doyle. Two Grass Valley backs leaped in the air and batted the ball, which only served to carry it further to the outstretched hands of Doyle. The latter tucked the ball under his arm and dashed the remaining 12 yards for a touchdown. Nevada City 6 Grass Valley0.

On the try for point, Oates threw the ball over center and it was batted down by many Grass Valley arms.

Grass Valley kicked off to Doyle, who carried the ball straight down the side lines to his own 45 yard line. On a reverse, Wasley took the ball from Chapman and carried it over right end for 8 yards. The same play went for 7 yards to Grass Valley's 40 yard line. A Grass Valley player was knocked out on the play; he was replaced. Wasley made one yard around left end and was hurt on the play. He was replaced by Pierce and received a big hand from the crowd.

Hoffman was smeared as soon as he received the ball and the end of a double reverse that lost 2 yards. Oates passed to Bob Tamblyn, running full speed in back of the Grass Valley line. Tamblyn sped to the sidelines and was downed for a gain of 24 yards on the Grass Valley 19 yard line. Oates caried the ball out of bounds for no gain. Buzz Chapman on a left end run made 15 yards and put the locals in a very good position to score. First and 4 to go for a touchdown. Oates carried the ball out of bounds again for no gain. Ralph Pierce made a yard over left guard. Oates made another half yard on a short left run. Trying the right end, he made no gain. Grass Valley's ball on their own 4 yard line.

Hoffman caught the punt and was downed on Grass Valley's 46 yard line. Oates rooted his own 6 yards over center. Tucker made a good hole on the play. A reverse, Oates to Hoffman, lost 5 yards. On a fake punt, Chapman made 5 yards over right end. Chapman punted to Painter who brought the ball back 5 yards to his own 27 yard line.

Grass Valley carried the ball out of bounds for no gain. On a fake reverse they made 7 yards over center. A left end run lost 3 yards as the third quarter ended.

Left end Doyle was replaced by Joy for Nevada City. Grass Valley punted high to Hoffman, who was downed on his own 36 yard stripe. Carrying the ball out of bounds, fullback Oates made a yard, Pierce made 2 over center. An Oates pass to Tamblyn, was too high and went incomplete. Chapman punted to the Grass Valley 37 yard line.

It took two Grass Valley plays to put the ball out of bounds, and a left end run made but a yard. Picking up a bad pass Hocking of Grass Valley punted out of bounds on the Nevada City 41 yard line.

Chapman made 3 yards on a reverse. The Grass Valley right end broke through and smeared Oates for

HOLDING BACK MINING DEVELOPMENT

There are many people in Nevada county and the surrounding mining districts that own mining properties of meritorious qualities from a development standpoint. There are a number of these property owners that would like to have moneyed people come in and spend money in the development of their property. There are also a number of moneyed people who would like to invest money in the development of worth while mining properties.

It seems only natural that some of these property owners and moneyed people should get together. Other times the moneyed people send out their engineers to investigate mining properties or prospects for investment purposes. But in the vast majority of cases the property owners and the people who have the money never get together in a financial way.

If the property has real mert and the investors fail to invest in it, there is usually a reason—and the reason is in most cases because the property owners ask too much for an undeveloped mining prospect.

Take for instance the case of a man who inherited a group of mining claims several miles from Nevada City. The surface indications are good, a strong quartz ledge can be traced for nearly a mile. The owner has done considerable prospecting, but has not enough money to prove the value of the property from a mining standpoint. He has never had a competent engineer report on it.

Still the man is completely sold on his "mine." He believes there is a million dollars worth of gold in it. So he advertised his mine for sale and when the investigators called and became interested, he got an exagerated idea of the value of his mining claims.

He was asked how much he wanted for the claims. He replied "$5000 down and $70,000 in five years." Those few words have continually driven capital away from the property.

If the man would give an option for a reasonable period of time, with a payment at the end of that period, he would have a chance to sell his mining claims and make a good profit for himself. As a rule there is no objection to the total price, it is the first payment that is the sticking point.

No man in his right mind is going to pay a substancial down payment on a mere prospect. The holder of an option has enough work and expense on his hands to develop the property without adding a down payment to the burden.

The fact that a great many mining property holders ask for a down payment is steering money away from their property and holding back the development of Nevada county. Let us hope that before this natural gold boom in Nevada county dies out that these "down payment asking" property holders get next to themselves and give capital a f a i r and square break. If they do, enough of our mines will be developed to such a stage that Nevada county will be prosperous whether a depression is on or not.

MUST FORCE TAX REDUCTION

One of the most encouragng phases of the late campaign was the attitude taken by the majority of candidates for public office toward the cost of government and the need for tax reduction. President-elect Roosevelt has stated that a 25 per cent cut is essential and has pledged his efforts toward achieving that. Those elected with him have echoed his views.

If such a reduction is made it will have an amazingly fine effect on the country—not only in the money that will be saved, but in psychological results. There is no question but what the specter of still higher taxes frightens thousands of investors and shoves money into safe-deposit vaults and tea pots; that is prevents business from going ahead and expanding; that it discourages home building and savinigs; that, in this time of unemployment, it creates more unemployment, more hardship, more distress.

Every citizen should demand a sound program to lower taxes. We can do this by not asking for expenditures that touch only a small part of the country at the expense of the whole; by taking the broad, rather than the local, view. We can follow up federal reductions by forcing state, county and municipal governments—which are the most expensive of all—and public officials to observe the example. In short, the time and the opportunity for tax reduction are here—and it must be had.

ECONOMIC SELF PRESERVATION

So far as the farmer is concerned, co-operation is simply another name for economic self-preservation. For more years than one cares to count, the average farmer was virtually at the mercy of the buyer. He took whatever price was offered him for his produce, or lost a sale.

Then came the beginning of the co-operative movement. Thousands of farmers joined together and created selling organizations as large and as powerful as the buying organizations. The middleman was no longer talking to a single farmer—he was talking to the authorized representative of a multitude. They met on equal terms.

All over the country co-operative organizations have been making good progress in time of depression. More and more farmers have discovered that co-operation is the eventual solution for suicidal prices and chaotic agricultural conditions. As a result, the co-operatives are on a firmer foundation today than ever before, and their chances for complete success in the future are better.

NOTICE OF SALE OF REAL AND PERSONAL PROPERTY

In the Superior Court of the State of California, in and for the County of Nevada.
No. 3074.
In the Matter of the Estate of Wilfred Abbott, Deceased.

NOTICE IS HEREBY GIVEN that pursuant to law, the undersigned, Richard A. Eddy, executor of the last Will and Testament of Wilfred Abbott, deceased, will sell at private sale, subject to confirmation by the above-entitled court, to the highest bidder for cash, lawful money of the United States of America, on or after two o'clock P. M., of Monday, the 19th day of December, 1932, at the law office of Nilon, Hennessy & Kelly, Number 232 Broad Street, Nevada City, California, all the right, title, interest and estate of said Wilfred Abbott at the time of his death, and all the right, title and interest that the said estate has, by operation of law or otherwise, acquired other than, or in addition to, that of said Wilfred Abbott at the time of his death, in and to those certain lots, pieces or parcels of land situate and being in the Township of Nevada, County of Nevada, State of California, and particularly described as follows, to-wit:

REAL ESTATE

Parcel No. 1: That certain lot, piece or parcel of land situate in the City of Nevada, County of Nevada, State of California, and bounded and described as follows, to-wit:

Commencing at the Northeast corner of Chas. Pinch's barn and running thence southwesterly 150 feet to a post standing on the south side line of the Gold Tunnel Mine; thence running northeasterly from said post 160 feet, more or less, to a post on the south line of said mine; thence easterly from said post 50 feet, more or less, to said northeast corner of said barn, the place of beginning; said premises being a portion of Lot No. 8, in Block No. 38, of said City, as designated on the official map thereof made by H. S. Bradley in 1869, and excepting and reserving therefrom that portion of said above-described lot heretofore conveyed to Mrs. Lavinia Pincu. Also, that certain parcel of land situate in Nevada Township, County and State aforesaid, bounded and described as follows: Commencing at a point on the Gold Tunnel East side line North 9 deg. West (Var. 18 deg. 30 min. East) 131.80 feet from a pine stump 32 inches in diameter standing in Abbott's lot and mentioned in the official field notes of the Gold Tunnel Quartz claim as follows: At 22.75 chains past a pine tree 16 inches in diameter to left and marked W T No. 2; thence following the McCauley front fence 65¾ deg. W. 73.40 feet; thence North 11 deg. 50 min. E. 153.60 feet to fence; thence S. 80 deg. E. 6.50 feet to the east side line of the Gold Tunnel Quartz Mine; htence S. 9 deg. E. following said Gold Tunnel east side line to the place of beginning, and being a portion of the Gold Tunnel Quartz Claim patented as part of and under the name of the California Consolidated Quartz Mine.

Parcel No. 2: That certain lot, piece or parcel of land situate in said County of Nevada, State of California, and described as follows:

Lying just north of Nevada City, in Nevada Township, and being a part of the Quigley lot, viz: A piece of land adjoining the land of E. Goodrich, being 282 feet long on one side and 221 feet on the other side. Commencing at the Northeast corner of the land hereby conveyed and running westerly 221 feet; thence running southerly 100 feet; thence running easterly 282 feet to a point; thence running northwesterly, at an angle, to the place of beginning; being the same property conveyed in that certain deed dated January 8, 1896, from Wm. M. Quigley and John D. Quigley to August Hoffman, recorded January 8, 1896, in Book 85 of Deeds, at page 110, records of Nevada county, California. Together with the improvements situate thereon.

Parcel No. 3: That certain lot, piece or parcel of land situate in said Nevada Township, Nevada county, California, described as follows:

Commencing at a point 132 feet northerly from the southwesterly corner of Lot 19, of block 9, as designated upon the official map of Nevada City; thence westerly along fence a distance of 70 feet to post or stake; thence northerly 40 feet to fence, being the northerly side line of the premises hereby conveyed; thence easterly along fence to the westerly line of Coyote street, and thence southerly along westerly line of said street, a distance of 50 feet to the place of beginning.

Also, that certain parcel of land described as follows: Being a portion of that certain tract of land heretofore conveyed by W. Quigley and wife to August Hoffman by deed dated January 8th, 1896, and now of record in Book 85, page 110, of Deeds, records of Nevada county, California, reference to which record is hereby made, bounded as follows: Commencing at the Northwest corner of the premises of lot formerly owned by Elizabeth Sigourney; thence North, 10 feet; thence East 200 feet on line parallel with the line of lot formerly owned by Elizabeth Sigourney; thence South 10 feet to line of lot of Sigourney; and thence Westerly along said line to the place of beginning, and being a tract of land 10 feet in width and 20 feet long. The above-described property and parcels being the said property and parcels deeded to said first party by Elizabeth Sigourney, et al., and August Hoffman, by deeds dated January 3rd, 1910, and March 20th, 1911, respectively. Together with the improvements thereon.

Personal Property

Household furniture, furnishings and fixtures, situate in said above-described premises;

Miscellaneous tools, machinery, etc., situate in said above-described premises.

Terms and Conditions of Sale: All bids must be in writing, and may be filed with the Clerk of the above-entitled court, or delivered to said executor personally, or to his attorney, F. T. Nilon, at Number 232 Broad street, Nevada City, California, at any time before the hour and day of sale. A deposit of ten per cent (10%) of the bid must accompany the same; balance of the purchase price is payable on confirmation of sale by said Superior Court. The executor reserves the right to reject any and all bids.

Dated: November 19th, 1932.
RICHARD A. EDDY,
Executor of the last Will and Testament of Wilfred Abbott, deceased.
F. T. Nilon, Attorney for said Executor, Nevada City, California.

HEALTH TALKS
THE CAUSE OF COLDS

By Dr. H. L. Jones The X-Ray Chiropractor
Nevada Irrigation District Bldg. 138 S. Auburn St. Grass Valley

Every cell of the body uses up its own material and throw off poisonous by-products during activity. These by-products, or waste, are very poisonous to the individual cell as well as to the entire organism. To get rid of this waste is one of the first duties of the system. One of the commonest results of bodily failure in elimination is a cold. If the cold is severe it may be classed as lagrippe, or when it is extreme it is pneumonia.

There are four great sources of elimination. The lungs strain carbonic acid from the blood and throw it out with every expiration. They exhale other noxious matter from the system. The alimentary tract throws off the waste matter from the food we eat, getting rid of the non-nutritous as well as indigestible foods.

The kidneys strain out urea and certain other poisons from the blood and these poisons are thrown off through the urinary tract. The skin to name the fourth is an organ of elimination. Through its pores gaseaus and fluid waste.

When any of these four means of elimination becomes impaired in its activity the sufferrer becomes a fit subject for Chiropractic spinal adjustments. The underactivity of elimination in any direction is dangerous. When poisons accumulate more rapidly than they can be eliminated, a breakdown in health is as certain as neglect.

A cold is the commonest manifestation of under elimination and Chiropractic spinal adjustments usually makes short shift of this common ailment. When under elimination is neglected and becomes chronic it is a forerunner of such wasting and painful disease as tuberculoisis and rheumatism.

Keeping the organs of elimination active and efficient by means of Chiropractic spinal adjustments is a way to health and long life.

When you come to this office you are put through a complete physical examination, including certain pathological tests when necessary. After we find out what and where your trouble is located, we then X-Ray so we can see what is causing your trouble We can then tell if it is possible to make corrections. Many Nevada County people are re-gaining health by the service of this office.

May we help you? Phone 144 for your appointment.

Redondo Beach—Construction is just starting on $60,000 bridge over Los Angeles River at Del Amo street which will provide more direct route between Torrance and Compton.

Sacramento—State Highway projects estimated expenditure of $1,380,100 will be advertised for bids during the remainder of the month.

Los Angeles— During first nine days of November, 1932, city building department issued 512 permits with estimated valuation of $491,64.

A BIRTHDAY PRESENT FOR YOU GRAN'PA
MY! THAT'S GREAT— THAT'S WONDERFUL! I'LL NEVER PART WITH IT!
I'LL SAY YOU WON'T, IT'S A COMB!
MEROW!
HAPPY BIRTHDAY

FIRE LOSSES IN FORESTS LESS THAN IN 1931

With the worst of the fire season apparantly over, the Forest Service reports great reductions in property damage, expenses, and acreage burned in the National Forests of the United States, as compared to 1931. Fire fighting and protection expenses up to October 31 amounted to $986,886, as compared to $4,219,174 for the calendar year 1931, or $3,000,000 less. The burned area was 397,722 acres, which compares with 605,073 acres last year.

More than half the area burned in the National Forests this year was in one fire in California, where a combination of cyclonic winds and low humidity caused the Matilija fire to sweep over 220,000 acres in the Santa Barbara National Forest. Because of unfavorable weather conditions, California forests suffered nearly three-fourths the total acreage loss recorded for all the 148 forests this year. California was the only one of the nine forest regions to lose a greater acreage than the annual average for five years. Elsewhere the record in 1932 has been the best that the service has achieved for many years. Fire conditions are still unfavorable in California, but are favorable all through the rest of the country.

Property damage inside the National Forest so far reported is placed at $384,355, against $4,409,309 for 1931. The record of fire carelessness, however, is not so satisfactory. Man-caused fires reported up to October 31 were 4,015. Fire from all causes numbered 6,710.

Stockton—Floor plans drafted for equipment and fixtures in new post office.

THREE THINGS TO SELL

The salesman has three things to sell,
Or so it seems to me;
He's got to sell three things before
He makes a sale, you see.
Now, two things that he's got to sell
No customer will buy,
I'm sure that I could never be
A salesman if I'd try.

A salesman first must sell himself,
To woman, man or maid,
He's got to win their confidence
Before he makes a trade.
He's got to know his customers
And meet them on their ground,
That calls for good psychology
And other things profound.

A salesman next must sell his firm,
The buyer wants to know
A firm will back its salesman up
Before he says, "I'll go."
Its policy he wants to know,
Its will to see things thru,
Its standing and its honesty,
Its brand of service too.
And third the salesman has to sell
The thing he's sent to sell;
If he has sold himself and firm,
It's rather safe to tell,
That he will sell the thing he wants
The customer to buy,
But I could never, never be
A salesman if I'd try.

A. MERRIAM CONNER.

LOCAL HAPPENINGS

Mr. and Mrs. Fred Jefferson are enjoying a visit from their son who is attending college on the coast.

Mr. and Mrs. J. R. Bennett of Nevada City, are spending a week in San Francisco.

Miss Nan O'Neill of Oakland, spent Thanksgiving visiting relatives in Nevada City.

Billy Rector, a Junior at the university of California, spent the Thanksgiving holiday at the parental home here.

Mrs. Warren Sealight drove to Tonopah, Nevada last week, leaving Monday and returning Wednesday.

Mr. and Mrs. Jess Crain have moved from Alleghany to Nevada City and are residing on California street.

Miss Eleanor Schreiber, who attends the Munson Secretarial school at San Francisco, spent Thanksgiving with her parents in Nevada City.

Miss Ruth Grimes, a teacher of Sacramento, returned home Sunday after spending Thanksgiving with relatives in Nevada City.

Miss Margaret Rector, who took advantage of the Thanksgiving recess to visit her family here had as her guest Miss June Monroe a student of Mills College.

Mrs. A. M. Flint, who spent Thanksgiving with her mother, Mrs. M. Grimes and family in Nevada City, returned Sunday to her home in Oakland Mrs. Flint was formerly Alicia Grimes.

Walter Rountree, of San Francisco, spent a day in Nevada City last week visiting friends. Mr. Rountree at one time lived in Tonopah, Nevada.

Milton Schiffner, son of Mr. and Mrs. Otto Schiffner, who spent the Thanksgiving holidays with his parents, returned to San Francisco Monday.

Clarence Briggs, manager of the new Oil station at Grass Valley, was a visitor in Nevada City Saturday.

Mrs. Lorene Coughlin, who has been quite ill at the Nevada City sanitarium for the past month, is reported much improved, according to Dr. Tickell.

Carol Coughlin, who is attending St. Mary's College, spent Thanksgiving week end with his parents here. He was accompanied by Milton a former Nevada City high school student, who is at present enrolled in the University of California, and who was a house guest in the Coughlin home during his stay here.

Mrs. G. S. Barnhart and two children of this city spent thanksgiving with Mr. Barnhart at the Ancho mine above Graniteville. Riley Self of Sacramento accompanied them to Graniteville.

Walter Roundtree, mining engineer of Berkeley spent Sunday visiting friends in Nevada City.

Tom Hall and Dal Moffit, of Birchville were business visitors in Nevada City Saturday morning.

Mr. and Mrs. F. F. Cassidy were recent business visitors in the bay region.

Miss Letha Anderson came up the latter part of the week to spend a few days with her parents Mr. and Mrs. C. B. Anderson.

J. K. Obear, Los Angeles roofing and tar dealer, was calling on the trade in our fair city Saturday.

Clarence Briggs, of the Union Oil Company, was a visitor in Nevada City Saturday.

Sam Hamilton, of the Western Machinery Company in Sacramento, was a business caller in Nevada City last Friday.

Miss Lottie Mugford, of Sacramento returned home after several days visit with Mr. and Mrs. Clyde Mugford of this city. Miss Mugford is a sister to Mr. Mugford.

F. C. Beedle, of Reno Nevada, was a guest of Mr. and Mrs. George Hitchens, of Nevada City over the Thanksgiving holidays.

Miss Betty Bettles returned to her studies at the university of California yesterday after spending the week end holiday with her parents in this city.

Bill and Jack Rodda, who are visiting here took another trip to the French Corral diistrict Friday. It must be a very attractive country up that way.

Boswell F. Reed, attorney of Denver, Colorado and his brother R. C. Reed from Oroville, were visiting in Nevada City today. The men are interested in qaurtz mines in this district.

After several days convalescing with her infant son Billy at the W. C. Perry home at 415 North Main street, Mrs. H. G. Burgess returned yesterday afternoon to her home on Spring street.

An especially happy time was enjoyed at the home of Mr. and Mrs. William Davey, of Nevada City on Thanksgiving day when thirteen sat down to the festive board and enjoyed a delicious dinner.

Chas. Sutfield, of northern California, spent Thanksgiving visiting Mrs. E. Martz and family. Mr. Sutfield was accompanied home by his daughter Grace, who has been visiting her grandmother fortwo months.

Miss Ada Rich, the water collector for the city, returned Saturday evening from Watsonville, where she spent Thanksgiving week with her sister Mrs. N. J. Rahr and family.

Levi Kendricks, of Berkeley, former resident of Nevada City, spent Thanksgiving with his sister, Mrs. Boreham of Gold Flat. It has been many years since Mr. Kendricks lived here but he visits the old home whenever possible.

Ater several weeks spent in the Tonopah and Goldfield mining districts, Louis Stein, local mining man has returned to Nevada City. While there he suffered injuries in an automobile accident. It is understood that he has interested Nevada moneyed interests in this district.

Bert Smith of the Red River Lumber Company, Sacramento, was a business caller in Nevada City Saturday. Smith has been through many gold camps and was in the Goldfield and Tonopah districts during the big days. He says that Nevade City is in the heart of the best mining district in the country today.

Some hoodlums in Grass Valley have been pouring sugar in the gas tanks of automobiles . That is a good way to score the cylinders. The culprits when caught should be dealt with in no easy manner. Leniency in these cases should not be thought of.

Mr. and Mrs. Ben Bowman of Nevada City, spent Sunday visiting Mr. and Mrs. Robinson in Alleghany.

Mrs. B. Preston of Nevada City, who was quite badly cut about the face as the result of a fall recently, is now able to attend to her duties at the News Shop on Broad street.

Cristie Jane Holmes was visiting with her father Mr. A. M. Holmes of this city over Thanksgiving. She left last night to resume her studies at the Sacramento Junior College today.

N. E. Preston of Berkeley is now spending a couple of days in Nevada City.

Continued from page one

NEVADA CITY WINS FROM GRASS VALLEY

a yard as he headed for left guard. Pierce on a left end run made the yard back. Chapman punted to Painter, who returned 18 yards to the middle of the field.

As there was no receiver open, a Grass Valley back passed to the wide open spaces. Another pass was batted in the air and Oates intercepted and brought the ball back a couple of yards to his own 35 yard mark.

Ralph Pierce busted over left guard for 3 yards. Oates turned the same trick for 2. Oates fumbled the ball but Pierce recovered for a 10 yard loss. Chapman punted to Painter, who dodged his way back 9 yards to his own 26 yard line.

Grass Valley made 8 yards over left tackle. Oates intercepted a pass and brought the ball back 8 yards to the Grass Valley 42 yard stripe. A Pierce to Oates reverse ended in a pass to Tamblyn for a 9 yard gain. Oates out of bounds, no gain. A long pass from Oates was knocked down. Pierce smashed at right guard but failed by inches to make his first down.

Grass Valley's pass was good for 6 yards, when Pierce tackled the receiver hard. They made 2 yards over center. The next play was fumbled and Tucker recovered for the locals on their 36 yard line.

Pierce made 6 over left guard. Oates made 1 over right guard. stabbing at left guard Pierce made no gain. A reverse, Pierce to Oates who passed to Chapman was good for 8 yards as the game ended.

Thus ended the local football season for 1932. All of the boys finished up the season strong and deserved to win this last game over their biggest rivals. No one player stood out as a star, they all worked together as a unit and each player deserves full credit for th ewin.

Better Coffee Every Time!

Coleman
ELECTRIC
COFFEE MAKERS

Coffee that is always mellow, rich and satisfying is easy to make in the Coleman Coffee Maker. Brews it the "no-boil" way, retaining all the fragrance and flavor.

The Colonial model is beautiful in design. Finished in special process, extra durable nickel plate. Six or 9 cup sizes. Ebonized handle. Has extra large heating element.
